Use the "Monthly schedule template" to mark your necessary plans, deadlines, and monthly deadlines throughout the year. This template is for 2022.

Each next month is located on a separate sheet. Switch between them as time goes by or when planning long-term plans.

Jan ▾	Feb ▾	Mar ▾	Apr ▾	May ▾	Jun ▾	Jul ▾	Aug ▾	Sep ▾	Oct ▾	Nov ▾	Dec ▾

On the month sheet, the days of the week are arranged in columns, and the day of the month is indicated in the upper right corner of each square. Each square has 4 lines for entering plans and schedules. An example of filling looks like this:

13

Peter's Birthday

On each month's sheet, the days of the current month are marked (the ranges are filled with white) and the days of adjacent months (the previous and subsequent ones are filled with the ranges in blue).

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
27	28	1	2	3	4	5

To the right of the month's calendar is the **"Notes"** block, where you can make general notes for the month. For instance:
